EDUCATION

Software Engineer with 3.5+ years of experience in JavaScript, React.js, TypeScript, and Spring Boot. Proven expertise in building scalable applications and APIs for CMS, E-commerce, LMS, and B2B/B2C platforms. Seeking to contribute to innovative teams in a thriving tech ecosystem.

EDUCATION

- **Marwadi Education Foundation (GTU)** — Rajkot
 B.E in Computer Engineering, CPI: 6.85 — Sept 2019 - Sept 2023
- **North Star High Schools (CBSE)** — Rajkot
 Standard I to XII Percentage: 63% — Sept 2009 - Sept 2019

EXPERIENCE

- **Our Energy World,(TriventCAD)** — Dehradun
 Software Engineer — June 2024 - Continue
 - Developed applications using Java, React.js, and Spring Boot for OWE-HUB, focusing on Leads Management and Leaderboard functionalities.
 - Built and integrated APIs to support full-stack development, enhancing seamless frontend-backend communication.
 - Optimized application speed through custom solutions and React hooks, resulting in a more responsive user interface.
- **ProminentPixel Software** — Rajkot
 Software Engineer — Dec 2022 - May 2024
 - Increased user engagement by 65% through efficient API integrations, enhancing content manipulation across apps such as Food Order and Quote apps.
 - Developed the backend for Job Platform and Employee Management systems using Java, with React as the frontend for an optimized user interface.
 - custom api integrate with fetch data integrate in hilton hotels.
- **KaaShiv Infotech** — Remote
 Frontend Developer (intern) — May 2022 - June 2022
 - Engineered a web app using HTML, CSS, AJAX for asynchronous data retrieval and real-time updates, resulting in a 70% load time reduction through optimized API requests and efficient data caching.
 - Implemented responsive designs adhering to modern web standards, improving user experience and accessibility across diverse devices and screen sizes.

SKILLS

Programming Languages: Java (Specialization), JavaScript, Typescript
Web Technologies & Database: React, HTML, CSS, OOPS, DBMS, MySQL, SQL
Proficient In: Software Development Life Cycle (SDLC), Agile,RAD Methodology, Data Structures and Algorithms, Networking, OS, macOS

PROJECTS

OWE-HUB - Leads Management, Leaderboard *ReactJS,Responsive, CSS3, Spring Boot, Java*
- Engineered a management platform utilizing ReactJS for the user interface, providing uninterrupted user engagement and live data refreshes. integrate api and routes, and navigate, responsive design. Arora Solar and Docu-Sign API integration.
- Established Firebase for backend support, managing login security and data management, with instant user authentication and real-time updates. Employed Router to facilitate smooth transitions across multiple website sections.
- Configured Firebase to handle backend operations, offering authentication and data management, with secure user access and consistent data synchronization. Integrated Router for effective website navigation across various sections.

Blog-Website *ReactJS, CSS3, Auth, Responsive*
- Developed a blog application UI leveraging ReactJS, ensuring intuitive user experiences and consistent real-time data handling.
- Deployed Firebase for backend processing, incorporating login security and data synchronization for secure user access and data consistency. Employed Router for optimized page transitions throughout the application.

Employee Management System *ReactJS, CSS3, Responsive, Spring Boot, Java, MySQL Workbench, Hibernate*
- Architected full CRUD capabilities (Create, Read, Update, Delete) for employee data, empowering users to manipulate employee information in real-time. Utilized Spring Boot for backend solutions and MySQL Workbench for database administration.
- Merged Spring Boot with Hibernate for smooth database operations. Applied MySQL Workbench for high-performance schema structuring and query implementation.

CERTIFICATION

- Oracle Database Certified **Certified**
- Awarded a **Certified** of excellence in Java.
- Earned a 5 star rating on **HackerRank**
- Java Programming with Data Structure 1 Year Course Coding Nin. **Certified**
- Cisco JavaScript Institute **Certified**
